

Required files for the successful importing of GemList

- 1.) The file to be e-mailed is displayed while the file is opened, at the top of all the screens in GemList. The file has a "file extension" (last 3 characters after the dot in the file name) of "DAT" representing a data file. This is the file that needs to be e-mailed for quotation and/or fabrication. (I.E. walmart.dat)

The DAT files should be e-mailed to Listing@GemList.com
